UNDEAD VOID MUMMY

[TEMPLATE]

Undead Vision: You gain *low-light vision*, as well-as *lifesense*.

Void Healing: The is not healed by healing vitality effects, but is healed by void effects that heal undead.

Immunity to Death Effects: You're immune to death effects. This keeps you from being automatically killed or from having your dying value automatically increase, but it doesn't make you immune to other parts of the spell or effect.

Disease and Poison Protection: Immune against disease and poison.

Paralysis and Sleep Protection: You gain a +2 circumstance bonus to saving throws (or any other defense) against effects that would make you paralyzed or have the sleep trait.

Damage Vulnerability: Weakness 5 to fire and cold iron based damage.

Damage Protection: Resistance 5 to cold/ice and water based damage.

Void Aura: Due to the mummies unique creation process, it is engulfed by a faint purple-ish void aura. The aura grants a +1 circumstance bonus to recognize the mummy as being undead, as well as to detect it in low-light or darkness conditions. *Lifesense* will reveal the mummy as an *void-infused undead*.

DESICCATING REND

CL | 1

You attack with both your claws to grab and siphon the life out of your target. On a successful attack your claw does 2d4 Slashing and 1d6 Void damage.

Scaling Option: The Void damage increases by 1d6 for every 2HD the creature has beyond the first, to a maximum of 10d6.

SIPHONING LIFE

CL | 2

Prerequisite: Desiccating Rend.

An already grappled target can be siphoned of life energy once every round. Unless the target succeeds in a Fortitude save (DC 12), the target will take 2d4 void damage. The creature will receive the same amount as temporary hit points to its own.

A successful save will prohibit further siphoning for one minute.

Scaling Option: The Void damage increases by 1d4 for every 2HD the creature has beyond the first, to a maximum of 10d4.

DESICCATING GRAPPLE

CL | 3

Prerequisite: Desiccating Rend.

As with *Desiccating Rend* except the target needs to succeed either in a Reflex save or Acrobatics roll (DC 15) or be grappled.

Proficiency Bonus+2

Shutdown.If targeted by *dispel magic*, the horror must succeed on a Constitution saving throw against the caster's spell save DC or fall unconscious for 1 minute or until it takes any damage.

Unusual Nature.The horror doesn't require air, food, drink, or sleep.

ACTIONS

Multiattack.The horror makes one Bite attack and two Rotating Saw attacks, or it makes two Lightning Jolt attacks.

Bite.Melee Weapon Attack: +4 to hit, reach 5 ft., one target. Hit: 6 (1d8 + 2) piercing damage.

Rotating Saw.Melee Weapon Attack: +4 to hit, reach 5 ft., one target. Hit: 4 (1d4 + 2) slashing damage.

Lightning Jolt.Ranged Spell Attack: +4 to hit, range 120 ft., one target. Hit: 7 (1d10 + 2) lightning damage.

Spelljamming Helm Interface.The horror attaches to a *spelljamming helm* it can see within 5 feet of itself and attunes to the helm instantly. If another creature is already attuned to the helm, that creature's attunement to the helm ends when the horror's attunement begins. The horror can operate the helm even though it isn't a spellcaster. The horror can detach from the helm as a bonus action, which ends its attunement to the helm.
